

4. BUDGET- This program is great for doing the home banking. It takes your salary and turns it into a masterpiece of an organized budget for your food, clothes, taxes, entertainment, car, home (rent), and utilities, etc. Print out a list and take it around with you.

5. LABELER- For those of you who are impressed with the way that the T&D label looks, this program was made for you. When you backup your disks, this program prints labels similar to ours. To use this program just type in the 10 programs of that issue and it will print to your Tandy DMP-133 printer.

6. KAYAK- The object is to kayak down the great Rip River in this text adventure game. to when asked where you want to go press the first letter of the direction. (i.e.) "N", "S" "E" "W" watch out for the dead ends.

7. JB-ROBOT- This is a program that was submitted to us by a gentleman that uses his CoCo to help the handicapped. This demo uses the TRS-80 plug'n power controller. This program will not run unless it is first connected. The program contains additional games that can be played with a puff switch. If interested the phone number to call is 814-255-6469 to receive full information on this program and what it can do. JB-Demo

8. DESTROYER- The object is to fire and destroy as many blocks as you can without getting hit by the white missile that scrolls across the screen, but watch what blocks you hit. There is one key block that will explode when you hit it. If a missile is coming toward you press the space bar to shield your-self. Press "q" to get a new screen.

9. SATELITE- Your mission is to destroy the enemy satelite. First you have to break through the ionosphere to get to the satalite then you are allowed one shot to hit the satelite. If you miss you loose one ship. Use the joystick to fire and to control your ship.

10. CHRISTMAS CARD LIST- This program lets you create a list of names and print labels for invitations for use on your Christmas cards and gifts. This program has a verity of useful purpose for the jolly time of the year.

Until Next Month.....
